This report was edited and written by Kawai, Namba, and Sakata of the Mukogawa Women's University Center for the Study of Child Development, which is a core organization of Grants-in-Aid for Scientific Research (B) (Grant No. 19H01759). Previously, research groups have made individual presentations, but no journals have published the entire research. For the first time, we were able to publish the Research Center's Annual Report in the form of an electronic journal. I hope this journal will be a platform for presenting research results through open access.
